

Starspect in Hospital

Starspect was travelling from Bendigo to Caulfield on Monday afternoon when involved in an incident. Upon arrival at Caulfield, vet Mike Tweedie directed she be taken to Werribee Equine Hospital. She had deep wounds on her legs and surgeon Chris Whitton operated right away.

Post op Chris announced pleasing results and observations given the circumstances.

She is being looked after in the hospital and a post op recovery is being planned by hospital staff and vet Mike Tweedie.
