

Back to Geelong

Our girl goes back to Geelong tomorrow after the meeting was transferred from Kyneton. The race distance changes to 1900m. This a fair increase from her last start being 350m. Danny has retained the ride and she launches from barrier 3.

Tony has been happy enough with her since the win and now she gets out over a little more distance in a field that rates tougher. It will all fingers crossed for Team Speccy.

In other news her half brother in Honkers has been named Regency Kingdom.
