

Speccky Wins at Tatura

Starspect has won for the believers again. The race at Tatura was over 1600m and 0-78 class. She was masterfully ridden by Peter Hutchinson.

After pulling a little early in the race Peter managed to settle her and then eased her out and around the field on the home turn to come over the top of them from about 4 to 5 lengths back.

It was Speccky's fourth win of her career and with Pete & Fiona's wedding on the same day it made for fabulous news when word finally reached the wedding celebrations.

At 6 years of age we're inclined to think this is the Speccky Farewell Tour and it's pleasing that the Aquanita team have been keen to take her to all points to get the results. Thanks to Tony, Trent, Sam and team ... it's all much appreciated. And we know that even outside the owners, Speccky has lots of people that are interested in her results with messages and web listeners.

Next stop is not certain yet but timing could bring into calculations Queens Birthday weekend. Everyone knows we will be pushing for it! www.QueensBirthday.com.au
